Barometer at 7 a. m. today 29.48  
Temperature at 7 a. m. today 73.01  
Maximum temp. yesterday 82.00  
Minimum temp. this morning 72.05

## LOCAL ITEMS

Arrangements are now being made to secure the baseball team from Corpus Christi or Kingsville to play here next Sunday. The Brownsville line up will be practically the same as that of yesterday which means that we will have the strongest amateur team in Texas.

**Notice to Contractors.**—Bids will be received at the office of Archer & Archer, architects, Brownsville, Texas, up to 12 o'clock noon Saturday the 13th inst. for the erection of an 8-room brick-stucco residence to be located about 3 1/2 miles west of Brownsville, for Mr. G. W. Smith. Plans ready and on file in office of architects. 3-8-tf

**New Cottages.**—The two lots at the northeast corner of Jefferson and Thirteenth streets are being cleared and work will commence at once on the erection of two cottages to cost about \$1500 each. The old buildings have been torn down and moved off the site and the lots leveled and filled in to make neat and attractive lawns. The cottages will be frame, and will be modern and convenient. They will be for rent and will make desirable homes because of their central location, as well as on account of their convenient arrangement and W. Smith of San Antonio is the owner of this property.

**New Apartment House.**—Work was begun this morning on the erection of a three-story apartment house to cost between \$8,000 and \$10,000 on Washington street on the property formerly owned by the Methodist church. This house is being built by Geo. W. Ford. It will be modern in every particular. Each room will be supplied with hot and cold water and a stationary wash stand, with baths, etc., on each floor. The house will contain forty rooms.

**Business Move.**—The King building on the corner of Elizabeth and Thirteenth Street now occupied by Col. W. O. Coleman as a land office has been leased by Albert Mason, proprietor of the Brownsville Sporting Good Company, who will move his stock of goods into that part of it now occupied by Col. W. O. Coleman within the next few days. Col. Coleman states that he expects to retire from active business and devote his attention to the cultivation of his farm and orange grove at San Benito.

**Lights Put Out by Kite.**—The city was temporarily without lights last night. A small boy's kite was the cause, becoming entangled with the wires and joining the primary secondary wires, causing them to burn out and thus throwing the entire city

in darkness until the damage could be repaired. There is a city ordinance which prohibits the flying of kites in the streets and Mayor Combe has given all city policemen orders to arrest any one who is found violating this ordinance. Parents should see to it that their children are not guilty of violating this ordinance, as not only is it liable to cause them to have to pay a fine, but at any time a repetition of the accident of last night may happen not only inconveniencing the city, but also putting it to a great amount of trouble and expense.

### District Court Notes.

The only business transacted in the district court this morning was that of swearing in the petit jurors for this week, and the issuing of an order to the sheriff by the court to summon a special venire of ten men to appear in the court room tomorrow morning at nine o'clock.

The petit jury for this week is as follows: Geo. Krause, Jose G. Anorga, Geo. Stowe, Juan Harambure, F. Delgado, J. P. McDonald, J. P. Viver, Ed Valls, M. Werbski, Refugio Cantu, Manuel Saldana, Jose Butierrez, H. Krause, Jacob Brednel, J. C. Musel Vesseron, Prudencio Rodriguez, Louis Champion, O. C. Sander, Eli Elstun. After being sworn in the jury was dismissed until tomorrow morning at nine o'clock. In Saturday's issue of The Herald an error was made in stating the date set for the trial of Martinez, charged with murder and Jesse S. Thornham, charged with murder. The date for the first case is Monday, the 15th, instead of today, and of the second Thursday the 18th.

### MANY QUEER AIDS TO MEMORY.

Simple Devices Resorted to by People Who Can't Remember.

Many and varied are the methods to which busy men have recourse in order to keep their memory "peeled." Very simple is the mnemonic system of a well-known journalist, who merely ties a small piece of ribbon round his walking stick. Many a benedict has a penchant for tying his handkerchief into a series of knots to remind him of the numerous little domestic duties he has faithfully promised to perform during the day.

A very successful plan is that of a shrewd business man, who has recourse to the use of pepper or snuff to jog his memory. A liberal dose spread over his handkerchief greets his olfactory nerves whenever he extracts it from his pocket, and, as he himself says, "that reminds me."

Very effective is the method adopted by some astute people who place their finger rings on their keyring. By this means they are not only reminded of something by the absence of their rings from their hands but every time they use their keys the fact is forced upon their attention. There is one old government clerk who is an amusement to all the juniors. When he has any matter of urgent importance to attend to in the morning he invariably ties two of his fingers together with a small piece of red tape.

**The Pace That Tells.**  
"How fast was he going?" asked Magistrate Krotel.  
"So fast that the bulldog on the seat beside him looked like a dachshund," replied the copper.  
And the accused was held for sessions.—Graphic.
